

Producer of refinement and movement, premier in his own characteristics and with these his offspring offers! If you hear of someone talking about the TB. stallion reliably replicating these qualities, they are probably referring to Lucarelli.

The Irish bred youngsters of Lucarelli are admirably meeting the demands of eventer and show-hunter producers alike. For introducing a cross of TB. refinement into a performance warmblood pedigree, Lucarelli's "dash" of elegance is perfect. In Sweden at the Regional Foal Champs., from 13 participants, the 2nd placed foal (ex Holstein mare) was Le Mans SE, owned by Linda Eriksson. A fabulous achievement, considering the foal was judged from a collection of dressage and show-jumping foals. An embyro frozen in 2019, implanted in 2021 resulted in a stunning brown colt from Chikari (Kings Master) (Eventer to 3 level and dam of Master Point 3*L winner at Ballindenisk), by Lucarelli, for renowned breeder and veterinary surgeon Bridget McGing.*

Lucarelli had a 7 year long racing career, competing in 27 races, winning 7 of them and placing in 5. He won over 1m 7f at Listed level, retiring sound. After his sporting career, Lucarelli was presented for Sports Horse Approvals. He was awarded multiple Approvals including Rhineland, Westphalia, Trakehner Breeding Association, Oldenburg, Hannover and South German Federation. The Trakehner Breeding Association assessment was full of praise for the stallion "A highly interesting TB. with a lot of frame, leg and neck, large shoulder and croup formation, as well as a big eye and a lot of expression. The dark brown stallion has a sovereign step and serene appearance". Horse Sport Ireland have accepted Lucarelli as an eligible TB. stallion for the "TB% Breeding Scheme Subsidy".

The pedigree of Lucarelli already speaks of eventers in sport. He is the son of the prolific and renowned sire High Chaparral. Lucarelli's dam Lavorna is by Acatenango, a stallion who has no less than 19 Approved sons. These include the high regarded sires Ituango and Lando. Some of the best event horses are progeny of these sires including FischerRocana FST CCI-4, Ivan 127 CCI-3* S, La Duma CCI-3*. Lucarelli is in the "focus and style" of a refining and quality sire!*
